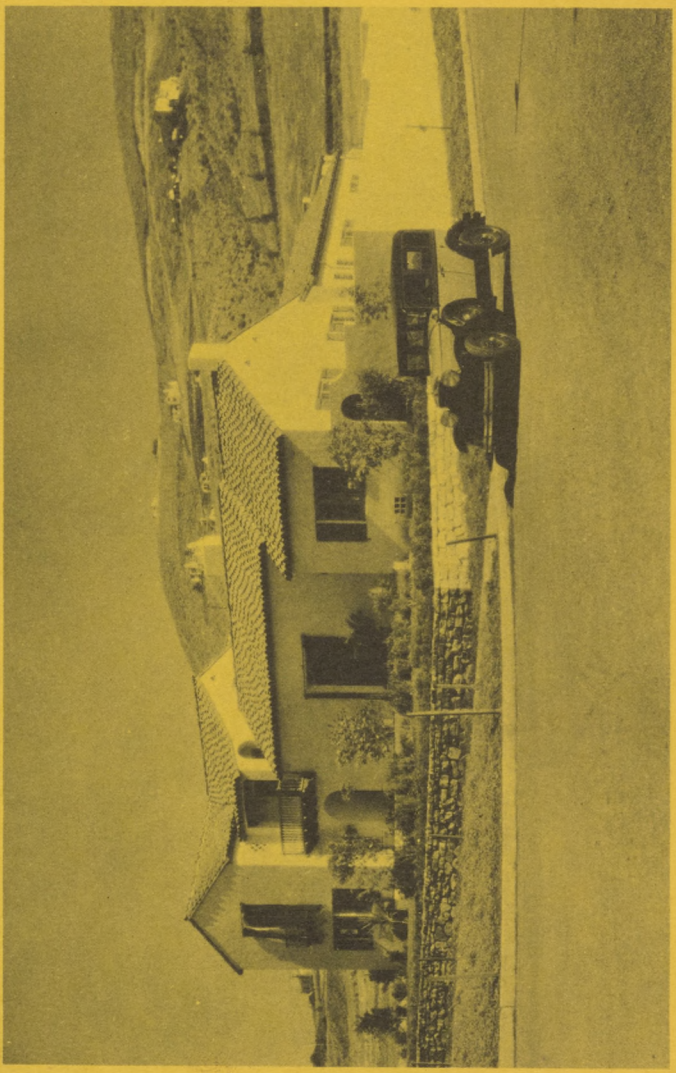
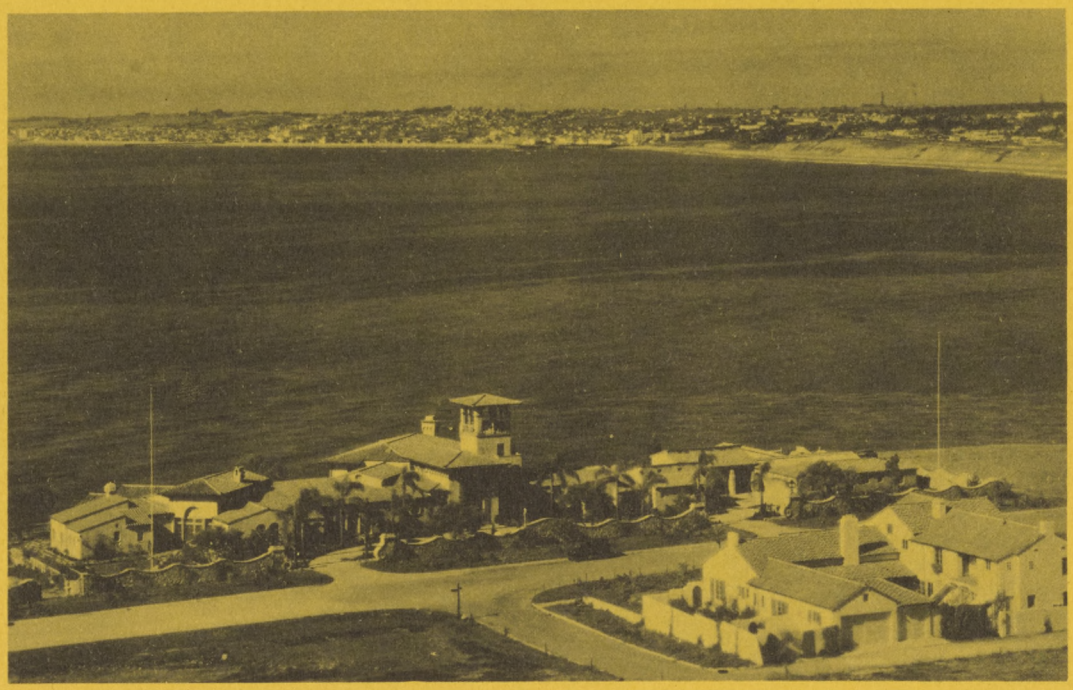
#3





THE lure of the Italian and French Mediterranean Riviera calls you. Would not such a picture, framed by the windows of your own home, be more of an inspiration than the view of an apartment house across the street, or a gas station next door?

Would not the pride of possession be yours if you lived in the beautiful home shown in the right foreground? The floor plan sketch shows how simple and liveable it is. This house has never been occupied. The flowers in the garden are waiting to be cut for the table.

The Protective Restrictions of Palos Verdes Estates will preserve through the years to come, the high character of your neighborhood.

I am one of a series telling the colorful story of Palos Verdes Estates.
Keep me—for you will want all of us when the story is finished.
